Current Situation

Crews continue to make progress due to current weather conditions and aggressive firefighting efforts. The southern area of the fire is burning in steep terrain with heavy, drought-stressed fuels. This area of the fire will continue to challenge firefighters. Crews are working to establish containment and contingency line around the fire, taking advantage of favorable weather conditions.

The number three lane of Northbound HWY 101 will remain closed in order to provide safety and access for fire crews and equipment working in this area.

A Forest Closure Order was ordered for the Santa Lucia Wilderness Area in the Los Padres National Forest. For more information please visit <http://www.Inciweb.nwcg.gov>
